

Freeze on arrival!

Product-Information

(Order-No.: 5.403.160)

Batch no.: Example

AA control standard Argininosuccinic Acid

Note: Max. storage temperature = - 5°C (or lower) !

The concentration is:

$c(\text{ASA}) = 1,00 \mu\text{mol/ml}$;

The solution contains only Argininosuccinic acid in the above mentioned concentration

Not suitable for calibration

Nr.	Amino Acid	M(AS) (g/mol)	Nr.	Amino Acid	M(AS) (g/mol)
1	Argininosuccinic Acid	291,0			

The solvent is 0,1 N HCl and contains 0.1% phenol und 2,0% thiodiglycol as preservatives.
